Glen Allen, VA 23060

Re: Henrico Firefighter Foundation Endorsement

Dear Mr. Isringhausen,

I am pleased to endorse the Henrico Firefighter Foundation and its efforts to provide assistance to the citizens and firefighters of Henrico County. The foundation is an excellent example of how our community can assist those in need by supporting the preparedness and response of our firefighters.

The foundation's mission to provide resources for education, promotional activities, recruit graduations, and during responses to significant incidents will increase the effectiveness of the Henrico Division of Fire's all hazard response model.

The direct support of a citizen that has suffered a catastrophic loss assists that individual in the recovery process. This could be the most difficult time in someone's life, and the impact of this assistance is immeasurable. These means of support help us build a more resilient community.

We appreciate your efforts to provide assistance to the citizens, visitors, and firefighters of the County of Henrico.

Respectfully,

Alec W. Oughton
Fire Chief
